

Sent on behalf of Healthwatch using the Devon Community Directory mailbox

Dear Colleague,

Healthwatch Devon is working in partnership with the Community Directory to ensure you as patients, users of social care and the public, are able to comment on the quality of your local care services and how they could be improved. We also give advice and guidance to enable people to make choices about their health and social care services. Groups as well as individuals can leave feedback: what do YOU think is important for decision makers to know about?

If you would like to read the latest copy of our newsletter, it can be downloaded from here: <http://www.healthwatchdevon.co.uk/aboutus/documents/>

You can sign up to receive our newsletter direct to your inbox here: <http://www.healthwatchdevon.co.uk/get-in-touch/> as well as leave feedback about services or email us on any other issue you feel is relevant to health and social care. We log everything people tell us about services and share them with decision makers to help improve delivery. We want to hear the bad and also the good to help understanding of what people really value in their communities.

If you run a community group or health or social care service and would like to receive hard copies for your service users, please email me to let me know how many copies you require, and where to send them to,

Yours sincerely,

Caroline Lee
