4. There is a £7 charge added for preparing the Hall, the night/day before
5. An additional cleaning up charge of £10 may be levied if the Hall is not adequately cleaned, at the discretion of the Chair
6. All hire charge are inclusive of heating, lighting, power and all existing furniture
7. Chairs, tables and crockery may be hired separately for outside events
8. Please be aware that there is a metal strip across almost the width of the hall, joining the tiled flooring to the wooden floor.
9. An additional charge of £8 per booking will be payable if alcohol is to be sold or offered for donations at the event.

Hiring and payment

Once the HIRER has booked by email, telephone or in person, the booking has been made. Cancellation must be made in writing (by email). The fee of the hire shall be paid if the booking is not cancelled 24 hours before the booking. **All Private Hire functions and one-off events shall be paid for at the time of booking.**

The Licence

The person booking the hall (HIRER) is nominated as the licensee and is responsible for maintaining the conditions of the license in respect of the management of the function and the fire precautions.

The Hall Management Committee will ensure that the Hall is in good state prior to hiring. The HIRER will leave the Hall in the same state as it was prior to hiring.

It is the responsibility of the HIRER to ensure that:

- The hall can be opened to the public at 10:00 to allow for events to be set up
- The hall must be vacated by midnight, which allows for 30 minutes clearing up after any event.
- They are in attendance during the whole period the hall is open to the public
- The condition of the building and activities at the premises do not endanger those present
- The use of the premises does not cause disturbance to nearby residents and passers-by
- That the door at the back of the hall is not opened and no-one goes out on to the private property at the back of the hall, except in an emergency
- That everyone leaves as quietly as possible
- The volume of amplified sound is under control
- The hall is left clean, tidy and locked after the event
- The playing of live or recorded music of any sort must not start before 12:00 and must cease by 23:30
- Any plays, dancing, indoor sporting events or films must also not start before 12:00 and must cease by 23:30
- Spillages and breakages of glass and crockery must be cleared up straight away to avoid accidents**

The license permits 90 seated persons or 210 unseated persons. The '90' does not include kitchen helpers, waiters, stewards etc.

All functions must finish promptly allowing for clearing up by **midnight**.

Sale and consumption of alcohol

The hall is licensed for the sale of alcohol to be sold to be consumed on the premises. If you do intend to sell or offer alcohol for donations there will be an additional charge of £8 per booking, but no Temporary Event Notice will be required.

There are four Licensing Objectives:

- 1. The prevention of crime and disorder**
- 2. Public safety**
- 3. Prevention of public nuisance**
- 4. The prevention of children from harm**

It is imperative that you adhere to these objectives. All hirers will be required to read and acknowledge their obligations under the act, and familiarise themselves with the specific policy relating to their type of event if there is one.

Regular HIRERS will be invited to attend a training session. HIRERS must pay particular attention to the following:

- a) no selling of alcohol to underage or intoxicated people
- b) the importance of keeping fire escapes (as shown on the hall plan) clear
- c) no drunk and disorderly behaviour on the premises area or surroundings
- d) customers must use premises in an orderly and respectful manner and prevent drinking alcohol other than in acceptable areas
- e) vigilance in preventing the use and sale of illegal drugs anywhere
- f) no violent and anti-social behaviour
- g) Customers will be asked not to stand around loudly talking in the street outside the premises.
- h) The movement of bins and rubbish outside the premises will be kept to a minimum after 11.00pm.
- i) Customers must use the adequate waste receptacles provided in the local vicinity.
- j) Ensure adherence to the "Challenge 25" policy. Anyone who is over 18 but looks under 25 must carry acceptable ID (a card bearing the PASS hologram, a photographic driving license or a passport) if they wish to buy alcohol.
- k) Films classified as 15 and 18, if any are shown, will have their classification prominently displayed and age verification as above will be required
- l) Ensure no harm comes to any children
- m) Alcohol sales must end at least 30 minutes before the end of the session, and by 23:00 at the latest.
- n) For certain types of event, it may be a condition of hire to employ registered security staff
- o) The incident book must be completed in the event of any disorder, the calling of emergency services, age related challenges or refusals to serve alcohol.

Fire Precautions

The HIRER must be familiar with the fire routine for the premises and means of calling the fire services.

Should there be a fire, 999 should be called immediately.

There is a telephone in the hall sound cupboard but access to mobile services is limited in Membury. O2 service is the only mobile service that is available in and around the hall.

In an emergency, the assembly point is in the Car Park across the road

There is no fire alarm, but there are three smoke detectors, and therefore we cannot allow any activity which involves smoke of any kind as this will activate the alarms.

There are three exits for use in an emergency:

- The main front door
- The exit at the end of the hall
- The exit at the back of the hall. Please note that this exit opens onto private land behind the hall. There is permissive access in the case of an emergency but in the normal course of events, this door should not be opened and no-one should enter the private property of the hall's neighbours.

There are three fire extinguishers (one in the kitchen, one at the far end of the hall, and one in the foyer). Above each is a fire blanket. However, the first priority should be evacuation of the building and calling 999. No-one should put themselves in danger in order to use the fire extinguishers

Before admittance of the public, the HIRER shall:

- Locate all three fire extinguishers and fire blankets (marked on the plan)
- Locate all three Emergency Exit Doors (marked on the plan) and ensure that they are unobstructed with at least a 1 meter wide pathway
- Allocate marshals
 - One to be responsible for calling the fire services and briefing them when they arrive. This person needs to know how they will gain access to a telephone to call 999 and the full address and postcode of the Hall. (Postcode: EX13 7AF)
 - at least two others to be responsible for evacuating the building, giving first priority to any disabled persons, making sure that everyone makes their way to the Car Park as the Assembly point
 - one other to go directly to the assembly point and be responsible for carryout a head count
- Prepare to inform the public of the fire exits and the assembly point at the beginning of the event

In the event of a power failure, for whatever reason, the emergency lighting will automatically come on.

Disabled Persons

The supervision of disabled person must be the first priority of the HIRER during the hire period, and their evacuation in the event of an emergency.

NOTES FOR ALL HALL USERS

Smoking

Smoking in the Village Hall is prohibited.

Walls

Please do not use sellotape, blu-tak or any other product to attach things to the walls as they damage the walls.

First Aid Box

This can be found in the kitchen on the lighting cupboard door.

Hearing Loop (Currently unavailable)

TBA

Lighting rig:

This is available for events and will be set up for the hirer by the MerryMakers. Instruction on use of Control Board will also be given if necessary. There is a nominal charge of £10 to cover colour gels and bulb replacement.

Heating

The Hall is heated 24/7 by an Air-sourced Heat pump. In addition there are two electric radiators, on timers, in the Hall and committee room to be used if necessary.

Store Room.

Some regular users are able to store their equipment in the store room. The committee reserves the right to ask you to remove any equipment if the store room gets too full, or circumstances change. Societies and clubs should note that their equipment is NOT covered by the hall insurance, unless a special arrangement has been made with the Committee and the extra insurance fee paid.

All societies and clubs have a responsibility for keeping the store room tidy and they will be asked to remove their equipment, if they regularly leave the room untidy or in a state that constitutes a health and safety hazard for other users. Please ask the Chairman (01404 881146) if you wish to store any additional equipment.

Kitchen

There is an electric stove, a toaster, microwave, two fridges and a dishwasher. You will need to switch on the appliances that you wish to use at the beginning of your hire. Please ensure that you switch them all off at the end **except** the fridge to the right of the serving hatch as this is in constant use and ensure all machines are empty, drained and clean. **Kettles should be emptied at the end of the hire. Dirty tea towels may be left out for collection or taken home and washed by the hirer. Please do not leave soaking wet towels on the hanger.**

Chopping boards must be used for food preparation and need to be brought in by the HIRER. Please do not use abrasive cleaners on the stainless steel surfaces on the electric hob.

Please read the dish washer user instructions **and if you need to have a demonstration in preparation for your event, contact Richard Barrell.**

The fan should come on when the lights come on in the kitchen – so long as someone hasn't turned it off. Please leave the fan switch on at all times.

China, glasses and cutlery are supplied for general use and are stored in the cupboards. Please ensure that they are clean and restored at the end of your event. There is also a laser heat sensor available in the drawer to test the heat of cooked food.

Accidental damage must be reported to the Chairman (01404 881291) and the Committee reserve the right to charge for excessive breakages.

Rubbish

All rubbish should be put in the bins outside the emergency exit at the far end of the hall. Material that can be recycled should be put in the green box and all other rubbish that is for landfill **MUST** be bagged and put in the wheelie bin.

Clearing up and cleaning

The HIRER is responsible for cleaning the hall, kitchen and toilets after use. There may be people hiring the hall immediately after your booking so please leave the premises in a state that you would wish to find it.

Brushes, dustpans and vacuum etc are in the store room. There are also step ladders in the store room.

Please ensure that everything in the kitchen is switched off (other than the fridge/freezer and the fan) and lights are switched off.

Please switch **OFF** the outside lights too – even with them OFF, the sensor will turn them on long enough for you to lock the front door and go down the steps.

Please use the enclosed checklist

**To ensure the premises are as you found them and ready for the next hirer
THE HALL BELONGS TO THE VILLAGE – PLEASE LOOK AFTER IT**

You should aim to:

LEAVE THE HALL AS YOU WOULD WISH TO FIND IT

Thank you for your co-operation
